That old guy jumping up and down distracting everyone and claiming he shot Charlie Kirk is definitely, in my opinion, part of the assassination plot!

Son of a !... so Candace is not just crazy and paranoid afterall. If this is true, do you know what this implies about everyone who was with his body that day and never mentioned this. What this means about the Feds, his WIFE! What the hell is going on!

Exit wound would be huge if it came from behind you wouldn't have that perfect entry circle it was probably low caliber at close range
